GoldFax

Enterprise Fax Server Solution
at a Small Business Price

GoldFax Desktop Faxing

With GoldFax, users can easily send and receive faxes directly from their desktop. They can fax from Windows® applications, email, or a browser – take your pick. Unlike conventional paper-based faxing, GoldFax eliminates the need to print documents in order to fax them. Users can receive faxes directly into their email; receive email notification of the success/failure status of a sent fax; and even check the real-time status of fax jobs.

MFP Walk-up Faxing

Use GoldFax to fax paper documents (signed contracts, etc.) directly from any MFP device without the need for an extra cost fax kit and telephone line. You can fax from any Scan-to-Email or eCopy enabled MFP.

Production Application Faxing

GoldFax can fax-enable any software application. Automate the faxing of critical business documents (Purchase Orders, Invoices, Confirmations, etc.) from your financial, ERP, CRM, ECM, Document Management systems like Oracle™, SAP™, Crystal Reports®, Microsoft Dynamics™, SharePoint®, Sage™, etc. GoldFax integrates with any software on any computing platform including Windows server, UNIX®, Linux®, Solaris™, AIX®, OpenVMS™, mainframe systems such as IBM AS/400®, and any web-based application. GoldFax will lower your costs and improve your business processes. No more printing and manual faxing.

Integrates with Everything

GoldFax is built on Microsoft's .NET technology and easily integrates with your existing network, email and telephone environment. Send and receive faxes from Microsoft Outlook® Exchange, Lotus Notes Domino®, GroupWise®, or any SMTP/POP3 email system. GoldFax is "thin client friendly" - Citrix® and Terminal Services. GoldFax solutions are available for any telephone environment including Analog, Digital T1/PRI or E1/BRI, and FoIP (Fax over IP).

> "GoldFax is the **most efficient, most flexible, and best value business fax solution**. The architecture, performance and features are robust enough for large enterprises, yet affordable and flexible enough for any small business."

Benefits

Affordable
Any small business can immediately benefit from GoldFax.

Scalable
High performance and full featured for a centralized or distributed enterprise.

Increase Productivity
Automated fax delivery, faxing from desktop applications or MFPs.

Pays for itself
Reduce paper, toner, and telephone costs along with labor savings for fast ROI.

Security, Compliance and Auditing
Control access, track, archive, retrieve, and report all fax document transactions.

Easy to Use
No learning curve for users. If you can print, use email, or use a browser you can GoldFax.

Easy to Deploy and Manage
Install on your Windows server or choose a Dell™ or HP™ appliance.

Production Faxing
Easily fax-enable any business application regardless of the system it is hosted on.

User Benefits of GoldFax

- **Easy To Use** – If you can print, use email, or use a browser you can GoldFax.
- **Outbound Faxing** – Directly fax PC documents like Microsoft Word® and Excel®.
- **Inbound Faxing** – Receive inbound faxes via email.
- **Remote Faxing** – Receive and send faxes remotely even from hand held devices.
- **Automatic Fax Cover Sheets** – faster faxing, enforce organization standards.
- **Email Notification** – No longer wait at the fax device to make sure the fax was successfully sent.

Network Administrator Benefits of GoldFax

- **Easy to Purchase and Deploy** – Install GoldFax on any Windows server - a dedicated server is not required. A pre-configured appliance (Dell or HP) is also available. The GoldFax license includes unlimited users.
- **Easy to Install and Manage** – Faster deployment.
- **Manager Program and Reports** – Check status of fax jobs and generate usage reports.
- **Email Integration Without Aggravation** – GoldFax easily integrates with any email environment. No software to install on the email server or plug-ins.
- **MFP Integration** – Walk-up faxing for any MFP without expensive fax kits or direct fax lines. Connectors for Sharp OSA, HP DSS, eCopy, and more.

Management Benefits of GoldFax

- **Reduce Telephone Costs** – Consolidate separate fax lines with fewer shared lines. Provide personal fax numbers to key people and departments using DID (Direct Inward Dial) through your phone system. More fax numbers at a lower cost.
- **Reduce Paper, Toner, and Maintenance Costs** – Inbound faxes can be routed to email. Send faxes without printing. Reduce waste and save money while helping the environment.
- **Improve Productivity and Customer Service** – Inbound faxes can be automatically delivered to user's email. Faxing directly from any desktop application.
- **Security, Compliance and Auditing** – Track and control who sends and receives faxes for improved security and compliance (HIPAA, Sarbanes-Oxley, FERPA, Gramm-Leach-Bliley, etc.). Automatic archiving of all received and sent faxes.

Why is GoldFax the Best Choice?

GoldFax has been selected by industry leading organizations as their mission critical fax document delivery solution. GoldFax customers range from small, medium, to Fortune 1000 companies and government organizations worldwide. The power of GoldFax will meet the needs of the most demanding enterprise requirements and is affordable by all small and medium businesses. Enterprise class solutions don't need enterprise price tags with lengthy and expensive deployments.
