GoldFax

SHARP®

OSA® Sharp Open Systems Architecture

GoldFax™ Cloud Fax Solutions for Small, Medium, and Enterprise Organizations

Cloud computing is changing the way organizations do business. GoldFax Cloud faxing solutions for Sharp OSA® enabled Multi-Function Products (MFPs) meet the faxing needs of small, medium, and enterprise organizations. It is affordable by small businesses and provides advanced features and integration for enterprise companies. Costs are reduced - no need for MFP Fax Hardware or fax telephone lines connected to MFPs. All of your Sharp OSA MFPs will be fax capable with GoldFax. GoldFax Cloud faxing can replace your conventional fax telephone lines and the limitations of fax numbers being connected to fax devices and locations. Most importantly, GoldFax Cloud Faxing is easy to implement compared to traditional approaches. ***All you need is Internet.***
